MEXICO CITY, April 24.—Mobs in the streets of Mexico City were trampling underfoot the Stars and Stripes and were threatening American pedestrians when the refugees train entered under the auspices of the British and German legations left for Vera Cruz, carrying some 500 fugitives of various nations.

The position of those American citizens left in the Federal capital was described as critical. Charges of treachery, insubordination, cowardice and other offenses were leveled against the army and the navy, and the American legation was threatened with being burned down. CLEANUP DAY WORKS WONDERS; 500 LOADS OF RUBBISH HAULED

Lack of Teams a Serious
Handicap and Much Re-
mains to be Done.

GET IT ALL, NORRIS ORDERS

City Wagon and Business Teams are
Obtained to Finish What Was Started
and Others Will be Hired, if
Necessary; Workers Enthusiastic.

An almost Spoiled Town is the result of Connellsville's first big Cleanup Day. Approximately 500 loads of refuse were hauled away from the various streets and alleys of the city, at least 200 old buildings and fences were torn down, almost as much refuse as was hauled away was burned up; and there is still a large quantity of rubbish piled up waiting to be carried to the dumping ground.

Chairman Robert Norris of the City Improvement Commission stated this morning that the refuse that still remains about town will be hauled away within the next few days. The city teams did some of this work today, other teams have been donated for use today and tomorrow, and a fund is being raised to hire any more teams that are needed.

Joseph A. Mason and his first ward workers gathered up 155 loads of refuse. There were 35 workers on duty all day, assisted by four double and one single team. The improved appearance of the ward shows what wonders they accomplished.

The security of teams hampered the work yesterday. If there had been enough to keep a constant string moving from the wards to the dumps, it would not have been necessary to wait so long between loads, and better results would have been obtained. Chairman Norris, the ward leaders, the school boys and the various residents who jumped in and helped like Trojans, deserve much credit for what was accomplished.

In the Second Ward A. A. Clarke reports that 31 single loads and 41 double loads were hauled away by sixteen double and four single teams. Sixteen men and 95 boys were at work. The success of these workers is attributed to the fact that they burned fully as much refuse as they hauled away. There is still much to be hauled away, and the Dutch Bottom district must be cleaned up.

In the Fourth ward Joseph T. Johnston and his workers did wonders but only had three teams and were unable to have the accumulation of refuse taken away. From the East Park addition not a load was hauled. The refuse was piled up in a bunch of buildings and on the street.

STRIKERS STRUNG UP BABY BY HEELS AND BURN IT

Tales of Awful Brutality from the
Colorado Riot District; More
Bloodshed.

By Associated Press.
DENVER, Colo., April 24.—Fighting between strikers and armed workers began shortly after 11 o'clock at Bunker Hill, a short distance south of downtown Denver, where strikers are reported to have captured two trains. The strikers have turned their horses loose and are attacking the workers.

John McLeannan, president of District No. 15, is under arrest. According to reports of his friends, he is held by the militia without a charge against him.

A message from W. G. Deck, superintendent at Rouse, received at the local office of the Colorado Fuel & Iron Company says: "More fugitives just arrived. They say strikers are headed for here. Yesterday strikers took a little baby and set it on fire around its heels, strung it up to a tree and burned it."

A later report from Rouse, says: "At least several strikers at full gallop have just passed Rouse with the strikers."

The two messages indicate that a second troop which detained at Rouse has executed a flank attack on the band of strikers which is said to have attacked the scouting party.

WELLS-MILLS PLANT SWEEP BY FLAMES; MANY AUTOS SAVED

Fire Department Delayed
Responding by an Ear-
lier Call.

40 CARS ARE BROUGHT OUT

Automobiles Valued at \$50,000 Escaped
With Little or No Damage Through
Bravery of Volunteers Who Thung
Through Smoke to Bring Them Out.

Fire of unknown origin swept the repair department and electrical shop of the Wells-Mills Electric Company, 300-308 South Pittsburgh street shortly after 5 o'clock yesterday afternoon. Damage is estimated at \$3,000, fully covered by insurance. Forty automobiles valued at \$50,000, were saved from the destruction. Four were slightly damaged by water.

Flames were discovered by Donald Porter, an employee who makes his home at 116 Baldwin avenue. He telephoned fire headquarters but the department was out on a run to a call turned in from Box 121, at Pittsburgh and Peach streets. A few moments after Porter called someone pulled Box 124 at Pittsburgh and Main street. The department made a record-breaking run from Mounts creek, reaching the Wells-Mills establishment in time to prevent the flames spreading to valuable machinery in the rear of the shop.

When the fire fighters entered the building they found the basement in which is located the electrical shop a roaring furnace. Flames were shooting up an elevator shaft and licking the roof beams. Fire ate through the woodwork and badly damaged the cross beams. A corner of the roof was completely destroyed and only prompt work of the department prevented the roof of the building from being totally wiped out.

Fear was felt that the flames would reach the gasoline storage tank, but these were saved at rest when G. W. Wells, president of the company, explained that the tank was buried. Refusing to take chances the firemen raised the big plate glass windows near the pump in order to permit fumes and gases to escape.

Firemen found their hardest work in the electrical shop, where the fire had so much smoke and fumes. Because of the difficulty of reaching the shop the firemen were forced to use much extra hose. There are but two ways of reaching the shop—a narrow stairway and an elevator. Flames prevented entrance for 15 minutes. Concentrating on the stairs the firemen succeeded in smothering the blaze and saving the basement. Ten minutes play with the hose smothered the fire. The fire played tricks in the repair shop. It destroyed the top of an old car and then, darting around machines and over wooden frames and supports, assaulted the roof.

Commenting on the fire G. W. Wells said: "I wish to thank the firemen for their work. Promptness with which they answered the alarm saved my hundreds of dollars. I am unable to give the exact amount of our loss as we have not checked up."

For a time the police were unable to keep back the crowds that had gathered to watch the fire. The firemen were forced to use much extra hose. The fire company made a great run, but there was some criticism regarding the speed in which it was driven. It took the fire company about 15 minutes to get to the first call on North Pittsburgh street. The heavy truck skidded, and had a tire become loose the truck would likely have been put out of commission.

After reporting to the garage fire it was necessary for the truck to travel to the City Hall for more hose. It made a record run and was back in time to get the new hose into effective service.

Superintendent J. E. Angle of the Fayette County Gas Company was at both fires. He drove his Packard at break-neck speed to get back to the garage fire after finding there was no gas to be turned off at the brush kiln. After looking after the gas supply into the Wells-Mills building, Mr. Angle and several other volunteers plunged into the smoke-filled garage and brought out car after car. Angle took the wheel and guided the cars, big and little out of the jam. They were pushed by the volunteers. By the time the task was completed and every car had been taken out the men were drenched to the skin.

MRS. JOHN D. FRISBEE IS DEAD AFTER LONG ILLNESS

Wife of Prominent Banker Was Member
of One of Town's Oldest
Families.

Following a lingering illness, Mrs. Catherine Herbert Frisbee, 72 years old, one of the oldest and best known residents of Connellsville, died last night at 9:35 o'clock at the family residence, 134 West Main street. She had been in poor health for the past two years but was able to be about up until six weeks ago when she contracted pneumonia from which she recovered. Arterio sclerosis resulted in her death. While she would rally at times during her late illness, little hopes were entertained for her recovery.

Mrs. Frisbee was a daughter of George W. and Sarah Long Herbert, who were among the earliest and most prominent residents of Connellsville. She was born on Christmas day, December 25, 1840, in the old Herbert homestead, which was located on West Main street where the Frisbee building occupied by the West Penn Railways Company, now stands. This building was removed to the rear of the lot and is still standing. Mrs. Frisbee was educated in the public schools of Connellsville and was married to John D. Frisbee, who for a number of years was a prominent business man of Connellsville, retiring several years ago.

On December 23 they celebrated their fiftieth wedding anniversary. To the union seven children were born. The following of whom are Mrs. Jennie Gault, wife of John L. Gault, Herbert Cooper Frisbee, both of Connellsville; Miss Katharine Frisbee and Fred Frisbee, both at home. Those deceased are Mrs. Emma Herbert Hanks, Mary and John Frisbee. In addition to her children and her husband, she is survived by one sister, Mrs. Sarah Armstrong, wife of John A. Armstrong, of Connellsville, a brother, George Bowman Herbert of Washington, Pa., and nine grandchildren. Mrs. Frisbee was a member of the First Presbyterian Church for many years, and by her kind and gentle manner won the friendship of all with whom she came in contact. All her life, with the exception of several years spent on the Frisbee farm in Connellsville township, was spent in Connellsville. Most of her married life was spent in the West Main street residence where she died. Funeral Sunday afternoon at 2:30 o'clock from the Trinity Lutheran Church. Rev. J. L. NEW LIFE

Found in Change to Right Food.

After one suffers for months from head, stomach, sour stomach, and then finds the remedy is in getting the right kind of food, it is something to speak about.

A X Y lady and her young son had such an experience and she wants others to know how to get relief. She writes: "For about fifteen months my little boy and myself had suffered with sour stomach. We were unable to retain much of anything. We ate 'After suffering in this way for so long I decided to consult a 'specialist' in stomach diseases. Instead of prescribing drugs he put us both on Grape-Nuts and we began to improve immediately."

"It was the key to a new life. I found we had been eating too much heavy food which we could not digest. In a few weeks after commencing Grape-Nuts, was able to do my housework. I broke in the morning with a clear head and feel rested and have no sour stomach. My boy sleeps well and wakes with a 'laugh'."

"We have regained our lost weight and continued to put on flesh. Grape-Nuts is a healthy and pleasant food. We are well and happy and owe it to Grape-Nuts."

FIREMEN PLAN FOR FIRST AID IN SCOTSDALE

Seventeen Members Volunteer to Take up the Practical Work.

ALSO ELECT ROSTER OF OFFICERS

Grand Army Band Buys New White Concert Uniforms for Appearance in Park the Coming Summer; Bandstand Needs a Little Attention.

Special to The Courier.
SCOTSDALE, April 24.—Through the organization of a first aid department the Scottdale Volunteer Fire Department expects to add much to its efficiency and value to the community. The formation of a large class was begun just evening, and 17 members volunteered to take up this work. The plan is to have a sufficient number engaged in this that there will always be a squad at every fire, and a large number will be necessary to assist this, as the same men are not at every fire. Dr. S. B. Gray and O. L. Koch, who has had much experience in this line have been enlisted as instructors. Such an organization should be of great value in times of fire or accident, and in many other instances that may possibly arise. The plan has been considered for some time past, and everyone in the department is well acquainted with the idea. The annual election of officers took place with a large attendance of the members. The officers elected were: Arthur E. Collins, president; Harry White, vice president; Howard Beagle, secretary; Edward McClain, fire chief.

SUMMER CONCERTS.
The Grand Army Band has ordered new white summer concert uniforms in which to appear at the concerts which the band will give once more at the bandstand in Loucks park during the coming summer. Since the band has taken so much interest in preparing for these concerts by constant rehearsals and supplying the necessary equipment in the way of new music, instruments, uniforms, etc., it would seem well that the citizens or at least some of them, should take the initiative in having the bandstand put in good shape for the concerts which are such a popular diversion of the summer season. The place available for the holding of the concerts is certainly in need of attention, having been exposed to the destructive elements of several winters, which have made it almost unfit and unattractive as a bandstand. A few feet of lumber and a coat of so of paint will do the work, and is all that is required to put the place in good shape, so that the surroundings will harmonize with the new uniforms and the music. There is no doubt but that these concerts are a fine drawing card for the town. Many persons are attracted from other towns by the concerts, and the concerts are none the less enjoyed and appreciated by the people of this locality. Inasmuch as the band boys put their time into the concerts without remuneration it seems but fair upon the part of the people of the town to see that there is a respectable and inviting bandstand, and one that is a credit to the town, just as the splendid Grand Army Band is.

OVER HALF OF ALL SICKNESS CAUSED BY CLOGGED-UP WEAKENED KIDNEYS

Hundreds are Suffering With Kidney Trouble and Don't Know It. Back-ache, Bladder Disorder and Rheumatism are the result.

It is a well recognized fact among physicians today, that the greater part of all sickness can be avoided by keeping the kidneys working properly.

This is even more important than for the bowels to move regularly, because the kidneys and bladder are the filters and sewers of the body. If you suffer with pains in the back or sides, bladder or urinary disorders, lumbago, rheumatism, dizziness, puffiness under the eyes or in the feet and ankles, nervousness, tired and worn-out feeling, or any of the many other symptoms of kidney trouble, don't neglect yourself another day and run the risk of serious complications. Secure an original package of Croxone which costs but a trifle, take three doses a day, for a few days, and you will be surprised how entirely different you will feel.

Croxone overcomes the very worst cases because it removes the cause of such troubles. It soaks right in and

cleans out the kidneys and makes them filter out all the poisonous waste matter and uric acid that lodges in the joints and muscles causing rheumatism, stiffness and hinders the bladder and quickly ends all such troubles.

It is the most wonderful remedy ever made for the purpose. You will find it entirely different from anything you have ever used. There is nothing else on earth to compare with it. It matters not how old you are or how long you have suffered, the very principle of Croxone is such that it is practically impossible to take it into the human system without results.

You can secure an original package of Croxone from any first class drug store. All drug stores are authorized to personally return the purchase price if Croxone fails to give the desired results the very first time you use it. —Adv.

THE SOISSON.

THE PRIDE OF JENICO.

The famous actor, James E. Hackett in "The Pride of Jenico," will be presented at the Soisson Theatre tomorrow afternoon and night. It is a four reel masterpiece. The two reel feature "The Little Girl in the Big Car" is another splendid play. There will be two rapid fire comedies, "The Base Ball Fan" and "For Moonshine Love."

"THE BLINDNESS OF VIRTUE." The announcement of the forthcoming appearance of "The Blindness of Virtue" with the original Little Theatre London production at the Soisson Theatre Friday, matinee and night, May 1, has given rise to a great deal of discussion in the homes and women's clubs and social circles in Connellsville.

FRENCH WOMEN SAY: SAGE AND QUININE TO DARKEN HAIR

If you desire to restore gray hair to its youthful color perfectly and evenly use a large bottle of LeLave's Cream of Sage and Quinine.

This is a famous French recipe, but little known by you, look younger and besides being a safe remedy for gray and faded hair it is one grand hair tonic.

It stops itching scalp almost instantly, prevents the hair from falling out, banishes dandruff and causes the hair to grow beautiful, lustrous and luxuriant. It is a purely vegetable remedy — not a drug — and therefore ever whose report that customers are delighted with this old French recipe. A. A. Clarke can supply it. —Adv.

LONG HAIL TO RAILROAD.

Wilbur Coal Company Runs Mine Tracks 1 1/2 Miles.

The first coal was shipped last week from the new mine of the Wilbur Coal Company near Hooverville, Somerset county.

A peculiarity of this operation, says the Coal Trade Journal is that the tipple is located a mile and a half from the mouth of the slope, the mine tracks being continued to the nearest railroad siding instead of building a standard gauge spur.

OLD PEOPLE GAIN

Strength by Taking Vinol. Here is Proof.

So many cases like this are constantly coming to our attention that we publish it for the benefit of others. Mrs. John Widmayer of Jackson Mich., says: "I am nearly 70 years of age, and was in a feeble condition but Vinol has done wonders for me. It is the best medicine to create strength I have ever seen and I have taken a good many of them. Last spring I was run down and worn out but I took Vinol and soon regained my strength. Vinol is certainly an invigorating tonic for old people." It is the medicinal curative elements of the cod livers without all aided by the blood-making and strength-creating properties of tonic iron which are contained in Vinol that makes it so effective in such cases. If you have an aged father, mother or anyone in your family who needs a strength-creating tonic, try Vinol on our offer to give back your money if it fails to benefit. Graham & Company, drugists, Connelville, Pa. Vinol is sold in the West Side by F. H. Harmering, druggist. D. S. For itching, burning skin try our Saxe Salve. We guarantee it.—Adv.

WRIGHT-METZLER CO.

NO BETTER PLACE THAN WRIGHT-METZLER'S TO BUY Rugs, Carpets, Curtains, Linoleum, Etc.

In Support of the above Statement, We offer these facts:

This store, and almost one hundred others, has distinct advantages in buying sound floor coverings and curtains to sell at moderate prices.

It holds membership in a body of merchant buyers whose chief duty lies in the purchasing of large quantities of perfect rugs, carpets and curtains at first hand.

This plan assures the stores that share, new patterns, colorings and weaves sometimes before other stores have them in stock.

It is a warrant of high quality because the syndicate has a standard of perfection that the goods must measure up to.

This method directly cuts unnecessary costs that other stores must add to their goods. Our patrons are saved the expense that these things gather up passing through in-between dealers.

Stocks here of rugs, carpets, linoleums, matings and curtains are large enough to include the newer, more desirable patterns and colors that give the homes they go into an air of distinction. Some of the things you will see nowhere but here—fine, exclusive pieces of superior quality, beauty and dependability.

No better place than Wright-Metzler's for floor coverings and window draperies of real worth; of uncommon beauty; of varied assortments, of abundance to choose from; of a higher quality; of warranted dependability and of

The Men's Store of Good Clothing Presents THE BEST \$15 SUIT

We've gone to extra pains to make it the best \$15 suit sold out of any Connelville store.

By arrangement with the makers, who, by the way, are accustomed to working on \$20 to \$35 clothes, we have had extra grade materials used for the inside foundation; handwork on collars, coat fronts, sleeves, button holes and edges; as sturdy lining and patterns of a style that you see in \$25.00 suits. The materials are all-wool, color-fast and cold-water shrunk.

The models are English style, or as plain as you want them; the patterns are hair-line, chalk or pencil stripes on blue or black. Also, there are mixtures, solid colors and plain blue serge suits.

Suits \$12.50 to \$35

are from makers whose clothes are exclusive, in this city, to this store.

At \$12.50 to \$15.00 are splendidly styled, good quality suits in fashionable patterns for young men.

Other new Spring silks are imported printed crepes, broche crepes and satins, and four-lards—the majority being double width.
